

TO DISCONTINUE GOSHEN SERVICE

Northern Indiana Railway
Company Seeks Authority
to Tear Up Tracks.

Special to The News-Times:
GOSHEN, Ind., Oct. 6.—Determined to abandon the Goshen city street car lines, which it is contending, produce no little revenue that it costs more to run them than is taken in fares, the Chicago, South Bend and Northern Indiana Railway company has filed an amended petition with the Indiana public service committee, in which authority is sought to cease the operation of cars and tear up the tracks.
A year ago the company asked the Goshen city council for permission to abandon the service and to take up its tracks on Eighth st., which thoroughfare is soon to be paved. Which improvement will mean heavy expense to the company. Not only did the council refuse to grant the petition, but gave notice that if city car service is abandoned that the company, under the terms of the franchise, will not be permitted to operate interurban cars into the city. Then the company decided to carry its fight to the Indiana public service commission.

File Statement.
With that body a statement has been filed going to show that the total receipts from the Goshen city lines for 1918 were but \$3,335.65, the lowest figures ever recorded. Total receipts for 1912, 1913, 1914, 1915, 1916, 1917 and 1918 are incorporated in the petition. The largest business was in 1913, when the lines produced \$11,623.20 revenue. A decrease of 26 per cent is shown in the 1918 earnings as compared with those in 1913.

The statement as filed shows that in 1918 the Elkhart line averaged 3.1 passengers per trip and the Main st. line 2.6 passengers per trip. General use of automobiles is believed to be responsible for the big reduction in business.

ILLINOIS IS NEXT ON PURDUE CARD

Coach Scanlon Works Boiler-makers Hard in Preparation for Illini Game.

With the Franklin game, the first of the Purdue schedule, out of the way, Coach Scanlon has an excellent lin on the players as he has seen just what they can do in action. The first game has enabled him to cut the squad somewhat and those remaining after the Franklin setto will be put through some extra hard work the first of the week to whip them into the best possible shape for the initial conference game of the season, Oct. 11, with Illinois.

The Illinois squad has a dozen or more former "I" men who have been released from army service and it is conceded that the "Suckers" will have one of the most powerful aggregations in the country. Coach Scanlon realizes what his men are going up against, but expects to make a good showing in spite of the fact that Huffine, the Purdue captain and star fullback, may be kept out of the game because of an injured foot.

The Illinois game will also be the "home-coming" event, and many of the alumni are expected to join the student body in the big parade preceding the game. It is expected that at least 2,000 rooters from Urbana will see the game.

South Bend, Sept. 4.
Editor News-Times:—
Several months ago a few people tried to revive the War Chest. Resuscitation was tried with no success. The pulpit was used but life had disappeared. The body had begun to decay. The old body (War Chest), under a new name is coming forth on Oct. 13th.
Limerick said "You can fool all the people part of the time and part of the people all the time, but you can not fool all the people all the time." These words are going to ring true in this campaign. The people are "tired" of being bamboozled.
The only way the common people are going to respond to such happenings in the future is to give a voice in the management and the distribution of such funds.
Why not appoint or elect officers temporarily, and after the fund is subscribed give the subscribers a chance, a voice in electing the men and women who are to administer the affairs of the organization? When this is done, in substance, the people will respond until this is done; it will be very difficult to enlist the people in this cause.

ELABORATE RECEPTION FOR IRISH PRESIDENT

Plans for an elaborate reception to Eamonn DeValera, president of the Irish republic, were formulated at a joint meeting of the friends of Irish freedom and the A. O. H. held in the meeting chamber of the Knights of Columbus, 224 W. Jefferson Blvd. Sunday afternoon.
Earl S. Dickens was appointed general chairman to act ex-officio on all committees. The meeting was attended by a representative gathering of South Bend citizens who are sympathizers with the Irish cause. Tentative plans for the reception which takes place Tuesday, Oct. 14 were announced by Chairman Dickens, but the full details will not be known until Monday evening, at which time a meeting of all committeemen will be held at the same place.

Lan Mellows, a member of the "Irish parliament," and Charles P. Sweeney, chief press agent for Mr. DeValera, will assist the local committeemen in making plans for the visit.
One of the men who will accompany Mr. DeValera and who will probably speak here is the Rev. Henry Gatten Myther of Norfolk, Va., a clergyman of the Episcopal church.

REV. C. G. MILLER TALKS ON FAMILY

Fills Pulpit of Westminster
Church and Delivers Eloquent Sermon.

Dr. Clarence G. Miller, associate secretary of the Presbyterian Board of Temperance and Moral Welfare, filled the pulpit of the Westminster church Sunday night, coming as a personal friend of the pastor of the Westminster church, the Rev. Dr. A. M. Eells.

Dr. Miller delivered a sermon that readily made his hearers his sincere admirers. From the very beginning he gripped his audience by his eloquence and held their attention by a theme, which is familiar, but which he made unusually attractive and of absorbing interest.

Family Religion.
Taking as his text, "The Family Religion," from Isaiah, "When David returned to bless his own family," the speaker said: "The great preacher, Whitfield, when asked if a certain man was a good man, replied: 'I cannot tell you sir, I never lived with him.'"
He further said, "The severest test of our religion is within the four walls of the home. We can carry blessings to our household in four ways. First, in our example. Second, in discipline. Thirdly, in

instruction. Fourth, in erecting family alters."
"The foremost need of our nation is family religion. The space table rests hard upon the Lord's table, and it will stand just as long as we have home religion. Christ said: 'This is the leaven that will leaven the whole lump.' Had the world wisely heeded the Man of Galilee, \$200,000,000,000 (two hundred billion), would have been saved, and 750 millions of men would be alive tonight."

WOMAN SO ILL COULD NOT WALK

Lydia E. Pinkham's Vegetable Compound Restored Her to Health.

Perth Amboy, N. J.—"For three years I suffered with a severe female trouble, was nervous, had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound, and tried it. Now I am better, feel strong, have no pains, backache or dizzy spells. Every one tells me how well I look, and I tell them to use Lydia E. Pinkham's Vegetable Compound—that is what makes me feel well and look well. I recommended it to my sister and she is using it now. You can use this letter if you wish, for it is certainly a grand remedy for a woman's ills."—MRS. MARTHA STANISLAWSKI, 524 Penn St., Perth Amboy, N. J.

For forty years Lydia E. Pinkham's Vegetable Compound has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.
